CAREER OBJECTIVE

To leverage my skills in front-end and back-end development, along with a strong foundation in responsive design and user experien to create innovative and efficient web solutions.

WORK EXPERIENCE

Machine Learning • Internship Aug 2024 - Sep 2024
CODTECH IT Solution, Virtual
Body Mass Index (BMI) Calculator in Python is a simple tool that computes BMI based on user input for weight and height. It provides instant feedback on health status by categorizing BMI results into underweight, normal weight, overweight, or obese.

Machine Learning • Internship Aug 2024 - Sep 2024
CODTECH IT Solution, Virtual
TTS using GTTS in Python is a project that converts text to speech using Google's Text-to-Speech API. It allows users to input text, which is then transformed into an audio file.

EDUCATION

Diploma, Computer Science & Engineering 2022 - 2025
Govt. POLYTECHNIC COLLEGE NARSINGHPUR
CGPA: 6.70/10

PROJECTS

Portfolio website ↗
Aug 2024 - Sep 2024
Welcome to my Web Developer Portfolio, where creativity meets functionality. This site showcases my journey as a front-end development, with a strong focus on clean, responsive design and user-centric experiences. Explore my diverse projects that highlight my skills in HTML, CSS, JavaScript.

RPS-GAME ↗
Aug 2024
Rock-Paper-Scissors Game Developed a Python-based Rock-Paper-Scissors game with a graphical user interface using js Implemented interactive gameplay, user input validation, and a simple yet engaging design. Hosted on GitHub: RPS Game.

Personal Jarvis AI ↗
Sep 2024 - Present
Interactive Jarvis AI Developed a personal AI assistant for Windows using Python, integrating speech recognition and text-to-speech (pyttsx3) for hands-free interaction. Features voice commands for automation, web searches, and system controls.

E-learningWeb ↗
Sep 2024
Interactive E-Learning Web App Developed a 3-page e-learning website integrated with Google Forms for assessments. Features a responsive design, easy navigation, and interactive learning materials to enhance user engagement.

Project management system ↗
Apr 2024 - Present
Introducing the Project Management System, a comprehensive web application designed to streamline project planning, execution, and tracking. Built with a focus on simplicity and efficiency, this system enables teams to manage tasks, assign roles, and monitor progress in real-time.

SKILLS

- HTML
- Python
- Computer Networks
- Data Science
- Flask
- JavaScript
- Database Management System (DBMS)
- Time Management
- GUI Testing
- SQL
- C Programming
- Bootstrap
- CSS
- User Interface (UI) Development
- Cybersecurity
